

FMS+

Chemical Flow Measuring and Recording

OVERVIEW

FMS+ is a chemical flow measurer and recorder as well as a next generation offering to Hydrite FMS-6. Simplicity of its design as well as the flexibility to service multiple destinations simultaneously are foundational to this creative solution.

PLANT APPLICATIONS

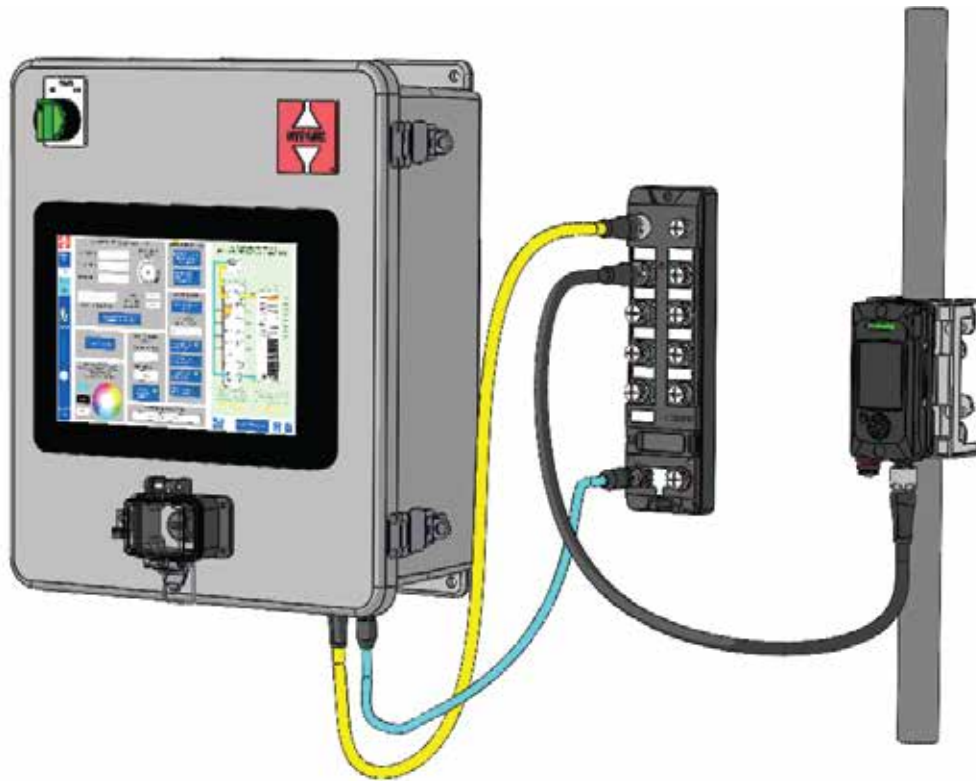

- Bulk Chemical Monitoring
- Day Tank or Secondary Container Monitoring
- Water Audit
- Chemical Usage Survey

SPECIFICATIONS

- Required Utilities: 120 VAC power
- 24v power for all components
- Different setup variations
 - Up to 16 Keyence FD-H Meters
 - Up to 16 Seametric Pulse Meters
 - Combination of up to 8 Keyence FD-H and up to 8 Seametric Pulse Meters
- Integratable with Allen Bradley PLCs. Able to pass through data to customer PLC

Providing Creative Solutions

FEATURES

- Jsmart HMI
- UL Approved
- Operational Alarms and Safeguards
- Basic Reporting Structure

BENEFITS

- Time and Date stamp for each flow meter activated
- Time stamp for how long each flow meter is activated
- Quick Install and Commission Process
- Robust and flexible technology
