

# Peracetic Acid for Food & Beverage

## Hydrite® Peracetic Acid (PAA)

Peracetic Acid (PAA) is an ideal antimicrobial agent due to its high oxidizing potential, its effectiveness against a broad range of microorganisms and its favorable environmental profile. PAA harnesses the power of oxygen for Clean-In-Place (CIP), Clean-Out-of-Place (COP), and environmental applications.

PAA is used for sanitizing of food contact surfaces, sanitizing and disinfecting of animal premises and as a food processing aid for antimicrobial intervention without imparting odors, colors, or flavors to the finished product.

Intervention  
Chemistry

Fruit & Vegetable  
Washing

Aseptic  
Packaging

Sanitizer, Disinfectant,  
Virucide & Fungicide

Waste Water Treatment  
& Odor Control

Cooling Towers &  
Chillers

## INNOVATIVE OFFERINGS TO FIT YOUR NEEDS

Hydrite has the flexibility and technical expertise it takes to address your application challenges. We have specific products and formulations with required grades and regulatory approvals available for each application. Contact us today or visit our website for more information.

## BENEFITS OF USING PAA

Effective against broad spectrum of microorganisms

No toxic byproducts

Controls odors

Sustainable and Safe decomposition

Non-foaming

Easy to use

Operates over a wide temperature and pH range

## The HYDRITE Advantage

### Chemical Experts

Our team is experienced and dedicated to providing technical support and services that help maximize efficiency and profitability all while maintaining or enhancing the quality of your end-product. Partner with Hydrite to see how our people make the difference.

### Customized Programs

Every plant is unique and we understand that. We customize a solution for each location and application. Contact us today to learn more about our quality products, services, technology, and solutions.

### Quality Focus

We understand how important it is to protect your brand and maintain the trust your customers place in you. Let us help you by delivering a quality solution at the most efficient cost.

### Customer Service

At Hydrite, we form partnerships with our customers and provide them with the best possible and most efficient operational solution. Contact us today to see how we are different.

### Supportive Approach

We feature a variety of creative solutions designed to lower operating costs, improve efficiency, and help you protect your brand. Join the many satisfied Hydrite customers that have experienced the Hydrite Advantage.
