

# Evaporator CIP Solutions

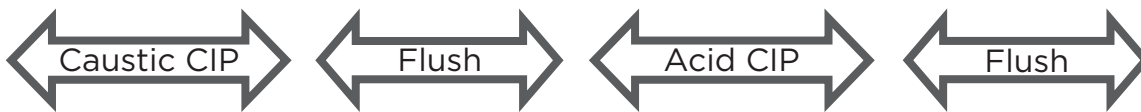

## Hydri-Maize™ HC2759

Hydrite's Hydri-Maize™ HC2759 is a powerful liquid CIP solution that utilizes mechanical, thermal, and chemical energy to remove difficult organic and inorganic soils fused in evaporator tubes. Hydri-Maize™ HC2759 is simple to use and safer compared to traditional CIP. Comparable procedures require multiple chemicals, which lead to added costs. When used in accordance with Hydrite's protocol, Hydro-Blasting can be eliminated, corn oil production can be increased, and evaporator downtime will be reduced.

### HYDRI-MAIZE™ CIP PROCESS ADVANTAGE:

- Safer! CIP completed in one shift and reduction/elimination of Hydro-blasting
- Faster! CIP can be completed in 3 - 5 hours
- More productive! Corn oil production increases
- More effective! Heat transfer improves
- More cost effective! Fewer chemicals required and less water consumed

#### Traditional CIP

8 - 20 Hours Evaporator Downtime

#### Traditional CIP

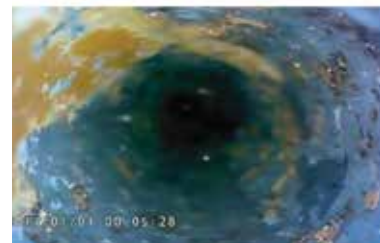

#### Hydri-Maize™ CIP Process

3 - 5 Hours Evaporator Downtime

#### Hydri-Maize™ CIP

#### INNOVATIVE OFFERINGS TO FIT YOUR NEEDS

Hydrite has the flexibility and technical expertise it takes to address your application challenges. Contact us today or visit [www.hydrite.com](http://www.hydrite.com) for more information.

# Benefits of Using Hydri-Maize™ HC2759

Annihilates organic and inorganic soils

No unnecessary chemicals that add cost

More effective 2 chemicals, 3 steps

Evap CIP in 4 hours

Easy to use

Increases corn oil production

## The HYDRITE Advantage

### Chemical Expertise

Our team is experienced and dedicated to providing technical support and services that help maximize efficiency and profitability all while maintaining or enhancing the quality of your end-product. Partner with Hydrite to see how our people make the difference.

### Customized Programs

Every plant is unique and we understand that. We customize a solution for each location and application. Contact us today to learn more about our quality products, services, technology, and solutions.

### Quality Focus

We understand how important it is to protect your brand and maintain the trust your customers place in you. Let us help you by delivering a quality solution at the most efficient cost.

### Customer Service

At Hydrite, we work closely with our customers and provide them with the best possible and most efficient operational solution. Contact us today to see how we are different.

### Supportive Approach

We feature a variety of creative solutions designed to optimize operating costs and improve efficiency. Join the many satisfied Hydrite customers that have experienced the Hydrite Advantage.
