

FOAM CONTROL

▶ ADHERING TO THE NEW FOOD SAFETY STANDARDS

Hydrite Chemical Co. has launched a SQF (Safe Quality Food) initiative company-wide, which meets GFSI (Global Food Safety Initiative) requirements. Our programs and products comply with the requirements of the Food Safety Modernization Act. We have a rigorous vendor and raw material approval program to make sure you are receiving the best product possible.

Hydrite Chemical Co. manufactures defoamers under:

- cGMP (current Good Manufacturing Practices)
- ISO 9001 compliant quality system
- Current HACCP analyses for manufacturing processes

Hydrite Chemical Co. was founded in 1929, and is currently the fourth largest chemical distributor in North America, with 14 locations across the United States. We are proud to be the chemistry partner of successful manufacturing companies across the world.

Providing Creative Solutions
